19th October 2022

Dear Nigel and all of our friends at the Banbury Rotary Club

Thank you for your donation in response to our Pakistan Flood Appeal

Your donation will allow us to supply 2 community filters when we next respond to a disaster. These filters are designed for field hospitals, community gathering points and families and will provide **safe drinking water for 1000 people** and prevent the spread of deadly diseases.

2022 is proving to be a very busy year for Aquabox and thanks to the great generosity of our friends and supporters we have responded to a number of natural and man-made disasters across the world. This has included sending aid to the Yemen, Pakistan/ Afghanistan Puerto Rico, as well as our most recent shipment, which left the depot last week bound for Nepal

In addition, during the past 6 month a major focus has been Ukraine and working with Rotary and Non-rotary response teams we have sent 6 consignments of aid to this war torn region.

Our most recent response has been to Pakistan to support the families and communities who have been impacted by the devastating floods, which hit the country earlier this month. We are currently working with our delivery partners to arrange a further shipment to Pakistan and your donation will help to fund this life saving response

None of this would be possible without the wonderful support we receive from Rotary friends and supporters across the world and I very much hope that you will continue support Aquabox in the future

Finally if you or your club members are planning a visit Derbyshire Dales please do drop into the Aquabox depot and tour our new facilities

Thank you so much for your support,

Best wishes

Aquabox Chair of Trustees
